

Is she home because
she's sick?

Or sick because
she's home?

The EPA counts indoor air pollution as a top
environmental risk for families.

Control the spread of dust mites, pollen, mold spores and viruses in your home.

ALLERGY SUFFERERS GET RELIEF NOW!

with an Aprilaire whole-house high efficiency air cleaning system installed in your home.

- Silently and effectively cleans air throughout your entire home
- Kills captured allergens at up to 99% efficiency; and 80% of viruses
- Traps airborne contaminants automatically
- Simple once-a-year filter change
- No portable air purifier can match the effectiveness of whole home air cleaning
